Conferences, seminars, meetings and events

The Hupp Lodge is an oasis of well-being with a modern twist on rustic elements in the midst of wonderful nature in the Jura. Up here, the rabbit plays hide and seek with the fox. The deer discusses the latest Jura herb mix with the chamois and the neighbour's donkeys curiously eye passing birds. The escape from everyday life is complete when the city is covered in fog and the mind clears while taking in vista up to the Alps.

Our stylishly furnished seminar and meeting rooms offer space for great ideas. The outside are reserved for seminars and the sun terrace are perfectly suitable for resting after an intensive working session. More information is available on our fact sheet.

Living

Offer your seminar participants individual overnight stays. Our 7 rooms (15 beds) are furnished simply but cozily and make it easy for you to reconnect with yourself. Far away on the rooftop of the Jura, the stars shine particularly bright. In the evening, you can enjoy the calm atmosphere and great wine next to the sizzling fire.

Food & Drinks

Fortify yourself during lunch breaks and in the evening. Grant your participants something out of the ordinary! Eat like at home at the family table. Our menus are prepared especially to make it easy for you to continue working afterwards. For groups of more than 30 people, we arrange a buffet lunch. We are happy to cater to your wishes and needs.
